

To the Director (Rector) of the organization

From November 17 to 21, 2014 the Section of Nuclear Physics of the Physical Sciences Division of the Russian Academy of Sciences and the National Research Nuclear University MEPhI will hold in MEPhI, Moscow, the International Conference-Session of SNP PSD RAS "Physics of Fundamental Interactions".

The program of the session covers basic theoretical and experimental aspects of particle physics and related problems of nuclear physics and cosmology, and will consist of 30-minute highlight and review talks as well as 10-15-minute contributed reports. All highlight talks and part of contributed reports will be presented at plenary sessions of the conference. The remaining reports will be presented at the sections which will be formed after receiving of abstracts.

On the recommendation of the Organizing Committee reports and talks containing new unpublished results will be published in special issues of journals "Nuclear Physics" and "Nuclear Physics and Engineering". For the institutions belonging to the Rosatom system it's **necessarily** to prepare reports in the established order before the beginning of the conference.

I kindly ask you to send the following materials to the Organizing Committee not later than September 26, 2014:

1. List of reports with the underlined names of speakers.
2. Your suggestions for the review reports which will be considered by the program committee.
3. List of participants in alphabetical order (full name and patronymic) for the passage to the MEPhI territory.
4. List of participants, which need hotel booking, with e-mail addresses and/or phone number (fax). Accommodation in the MEPI residence hall is possible.

This information should be sent on the letterhead of the organization in scanned form to e-mail: icssnp@mephi.ru.

All the participants of the Conference-Session should register on the ICS SNP of PSD RAS web-site at the address: www.icssnp.mephi.ru.

Registration of participants and abstracts will be opened from September 8 to October 10, 2014.
